Please complete the upper portion (general information) of the applicable enclosed applications and the specific building technical information on the forms applicable to your project. Two sets of plans are required to be submitted with the completed application and plans for commercial projects must be sealed and signed by a registered design professional.

The fees associated with the application are listed on the attached UCC Permit Fee Schedule Resolution. Please review the paragraph regarding municipal and state administrative fees. We will contact you with the amount of the fees due upon receipt of the plans and applications. No permits will be issued prior to receipt of all fees. If the work performed varies from the applications and/or plans and results in additional fees being required, no Occupancy Permit will be issued by Lansford Borough until all fees have been paid in full.

The completed application(s), supplemental documents (sketches, scope of work, contractor proposals, etc.) and the contractor's proof of Workers Compensation Insurance or the Exemption Certificate can be e-mailed to Lansford Borough or delivered to the Lansford Borough office during normal business hours

Incomplete or missing application information and/or incomplete plan submittals will delay permit processing.

A Lansford Borough Zoning Permit and other approval requests may be required as part of the proposed construction activities. A copy of the Lansford Borough Zoning Permit application or permit placard if the Zoning Permit has already been issued should be included in the UCC Application submission package. The issuances of UCC Construction Permits do not individually authorize the start of construction until all other required permits are approved.
