

BOROUGH OF LANSFORD  
Carbon County, Pennsylvania  
**Ordinance No. 2019-01**

AN ORDINANCE ESTABLISHING RULES AND REGULATIONS FOR PUBLIC DISPLAYS OF FIREWORKS AND PROVIDING FOR THE ISSUANCE OF PERMITS FOR SUCH DISPLAYS OF THE CODE OF THE BOROUGH OF LANSFORD, COUNTY OF CARBON, COMMONWEALTH OF PENNSYLVANIA.

WHEREAS, the Commonwealth of Pennsylvania, adopted on October 30, 2017, Act 43 of 2017, with provisions relating to fireworks.

WHEREAS, The Borough has determined the proper location for the use of display fireworks in certain open spaces in the Borough based on the health, safety and welfare of the Borough residents, subject to the requirements in this Ordinance.

NOW THEREFORE, the Borough of Lansford hereby ordains as follows:

**SECTION I. DEFINITIONS.**

The following words and phrases when used in this article shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"APA 87-1" The American Pyrotechnics Association Standard 87-1 : *Standard for Construction and Approval for Transportation of Fireworks, Novelties, and Theatrical Pyrotechnics*, 2001 edition, or any subsequent edition.

"Consumer fireworks."

- (1) Any combustible or explosive composition or any substance or combination of substances which is intended to produce visible or audible effects by combustion, is suitable for use by the public, complies with the construction, performance, composition and labeling requirements promulgated by the Consumer Products Safety Commission in 16 CFR (relating to commercial practices) or any successor regulation and complies with the provisions for "consumer fireworks" as defined in APA 87-1 or any successor standard, the sale, possession and use of which shall be permitted throughout this Commonwealth.
- (2) The term does not include devices as " ground and hand-held sparkling devices," "novelties" or "toy caps" in APA 87-1 or any successor standard, the sale, possession and use of which shall be permitted at all times throughout this Commonwealth.
- (3) Consumer fireworks are "Class C" or "Consumer grade fireworks" that include firecrackers, roman candles, bottle rockets, and similar fireworks that contain a maximum of 50 milligrams of explosive material,

“Display fireworks.” Large fireworks to be used solely by professional pyro technicians and designed primarily to produce visible or audible effects by combustion, deflagration or detonation. The term includes, but is not limited to:

- (1) salutes that contain more than two grains or 130 milligrams of explosive materials;
- (2) aerial shells containing more than 60 grams of pyrotechnic compositions; and
- (3) other display pieces that exceed the limits of explosive materials for classification as consumer fireworks and are classified as fireworks UN0333, UN0334 or UN0335 under 49 CFR 172.101 (relating to purpose and use of hazardous materials table).

“Illegal Explosives.” (For information purposes only) Illegal explosives associated with the fireworks season are inherently dangerous because of their composition and unpredictability. Homemade explosives can pose a particular risk for injury because the people making them often lack knowledge and experience in manufacturing fireworks. Most law enforcement agencies consider devices such as M-80s, M-100s, quarter stick, cherry bombs, silver salutes, etc., to be illegal because they exceed the Consumer Product Safety Commission's (CPSC) limits for consumer fireworks, in addition to being banned by many states.

These devices meet no safety standards and often have a coating of dangerous explosive dust. Friction, heat, or being bumped can cause these devices to detonate. The U.S. Department of Transportation has classes these items as "forbidden explosives" because they have not been submitted for appropriate testing evaluation.

“Municipality.” A city, borough, incorporated town or township. (For purposes of this Ordinance Borough of Lansford)

“NFPA 1124.” The National Fire Protection Association Standard 1124, *Code for the Manufacture, Transportation and Storage of Fireworks and Pyrotechnic Articles*, 2006 edition, or any subsequent edition.

“Occupied structure.” A structure, vehicle or place adapted for overnight accommodation of persons or for conducting business whether or not a person is actually present.

“Outdoor storage unit.” A consumer fireworks building, trailer, semitrailer, metal shipping container or magazine meeting the specifications of NFPA 1124.

“Temporary structure.” A structure, other than a permanent facility with fixed utility connections, which is in use or in place for a period of 20 consecutive calendar days or less and is dedicated to the storage and sale of consumer fireworks and related items. The term includes temporary retail sales stands, tents, canopies and membrane structures meeting the specifications of NFPA 1124. The term shall not include a facility that is not licensed to sell consumer fireworks under this article.

## **SECTION II. PERMITS.**

- (a) Permissible purposes. Display fireworks may be possessed and used by a person holding a permit from a Borough of Lansford at the display covered by the permit or when used as authorized by a permit for any of the following:
- (1) For agricultural purposes in connection with the raising of crops and the protection of crops from bird and animal damage.
  - (2) By railroads or other transportation agencies for signal purposes or illumination.
  - (3) In quarrying or for blasting or other industrial use.
  - (4) In the sale or use of blank cartridges for a show or theater.
  - (5) For signal or ceremonial purposes in athletics or sports.
  - (6) By military organizations or organizations composed of veterans of the armed forces of the United States.
- (b) Age limitation. A display fireworks permit may not be issued to a person under 21 years of age.
- (c) Bond. The governing body of the municipality shall require a bond or insurance policy deemed adequate by it from the permittee in a sum not less than \$500,000 conditioned for the payment of all damages which may be caused to a person or property by reason of the display and arising from an act of the permittee or an agent, an employee or a subcontractor of the permittee.

### **SECTION III. REQUEST FOR EXTENSION.**

- (a) Authorization. If, because of unfavorable weather, the display for which a permit has been granted does not occur at the time authorized by the permit, the person to whom the permit was issued may within 24 hours apply for a request for extension to the municipality which granted the permit.
- (b) Contents of request. The request for extension shall state under oath that the display was not made, provide the reason that the display was not made and request a continuance of the permit for a date designated within the request, which shall be not later than one week after the date originally designated in the permit.
- (c) Determination. Upon receiving the request for extension, the Borough of Lansford, if it believes that the facts stated within the request are true, shall extend the provisions of the permit to the date designated within the request, which shall be not later than one week after the date originally designated in the permit.
- (d) Conditions. The extension of time shall be granted without the payment of an additional fee and without requiring a bond or insurance other than the bond given for the original permit, the provisions of which shall extend to and cover all damages which may be caused by reason of the display occurring at the extended date and in the same manner and to the same extent as if the display had occurred at the date originally designated in the permit.

### **SECTION IV. PENNSYLVANIA STATE LAW REGULATES USE OF CONSUMER FIREWORKS.**

- (a) Conditions. A person who is at least 18 years of age and meets the requirements of this article may purchase, possess and use consumer fireworks.
- (b) Prohibitions.--A person may not intentionally ignite or discharge:

- (1) Consumer fireworks on public or private property without the express permission of the owner. (The Borough does not give permission for use or consumer fireworks on public property.)
- (2) Consumer fireworks or sparkling devices within, or throw consumer fireworks or sparkling devices from, a motor vehicle or building,
- (3) Consumer fireworks or sparkling devices into or at a motor vehicle or building or at another person.
- (4) Consumer fireworks or sparkling devices while the person is under the influence of alcohol, a controlled substance or another drug.
- (5) Consumer fireworks within 150 feet of an occupied structure.

#### **SECTION V. USE OF DISPLAY FIREWORKS.**

No display fireworks shall be ignited within 300 feet of a facility that meets the requirements of section 2407 or 2410.

#### **SECTION VI. AGRICULTURAL PURPOSES.**

- (b) Duration of permit. A permit under this section shall remain in effect for the calendar year in which it was issued.
- (c) Conditions. After a permit under this section has been granted, sales, possession and use of fireworks of the type and for the purpose mentioned in the permit shall be lawful for that purpose only.

#### **SECTION VII. RULES AND REGULATIONS BY MUNICIPALITY.**

- (a) Authorization. Permission shall be given by the governing body of a municipality under reasonable rules and regulations for displays of display fireworks to be held within the municipality.
- (b) Conditions.
  - (1) Each display shall be:
    - (i) handled by a competent operator; and
    - (ii) of a character and so located, discharged or fired as, in the opinion of the chief of the fire department or other appropriate officer as may be designated by the governing body of the municipality, after proper inspection, to not be hazardous to property or endanger any person,
  - (2) After permission is granted under this section, possession and use of display fireworks for display shall be lawful for that purpose only.
  - (3) A permit shall not be transferable.

#### **SECTION VIII - UNLAWFUL FOR DISPLAYS OF DISPLAY FIREWORKS.**

It shall be unlawful for any person, persons, firms or corporations, amusement parks, fair associations, farmer or agricultural operation, or any other organizations or groups of
